

CCLTOA Equestrian Trail Committee

Monthly Meetings, every first Wednesday @6:30pm at CCLTOA Black Creek Hall

Meeting Minutes; Wednesday February 7, 2018 Black Creek Hall 0630pm Members Present (9):

Old Business:

New Trail Signs will arrive next week. Trail access issues identified last December to the Board are seeing some action. The Board and maintenance Staff has asked for and continues to receive more specifics from this committee on previously identified trail navigation impediments and action is forthcoming. Arena sand project on hold until late spring.

New Business:

Trail sign **location marking** with spray paint and ribbon **to begin** once signs arrive. Marked locations will then have T-posts or other sign holders placed by maintenance staff. A suggestion was made to schedule a meeting with maintenance staff to establish a placement schedule and make sure all necessary hardware and tools are ready. **Priority is for sign placement at trailheads and road/trail junctures**, with additional sign placement suggestions as the trails are walked and ridden with possible direction arrows needed to be added below signs.

Spring Fling Date established by Board is April 7, 2018. Time? **This Committee will set up a table with trail and equestrian handout information. In Addition;** Possible hi-line rope set up with a couple of live horses on site to generate conversation/education. Committee will locate donated used **horseshoes** and assist with items **for a craft/project area** for children. Stickers, horse shoe painting/beading and other fun activity ideas were discussed and someone will talk with Melinda to see where we can fit this in.

Organized Trail Ride discussed for this weekend. A guest wanted to know about walking trails in CCLTOA, this area in general, and Saddle Creek. We explained what we knew and got her contact info. Additional resources and historical material on the Trail System was offered by two Members this past week. An ongoing suggestion is to establish a Master Binder of this material in the CCLTOA Office for reference.

Meeting Adjourned@0722PM
